It's the extras that count! The **expression²⁰³⁶** has them all!

The graphic expression window! Extra-large and illuminated.

Sewing convenience at your fingertips: **“Tie off” function** secures the end of the seam at the touch of a button!

“Sew slow” function reduces speed when sewing gets difficult.

The tapering function automatically narrows the width of a satin stitch during sewing to create decorative effects and perfect corners!

Just a touch on the **Info button** and sewing recommendations for a selected stitch appear in the graphic **expression** window.

Three memories! Saves stitch and letter sequences to sew in one step repeatedly.

Ideal for darning or free-motion sewing: the **feed dogs can be conveniently lowered** from the front of your **expression**.
